The most durable gifts for Mother's Day

Credits: Unsplash.com

If you ask your partner or mom what she wants for Mother's Day, you will definitely get the answer: "I don't need anything. I'm already happy with a children's drawings". Okay, this is definitely not a lie. But mommy's will be a little happier and surprised when they get a durable gift next to that drawing. No idea what to give? Mom blogger [Stephanie](#) will show you the most fun and durable gifts a mommy will be happy with.

*“Behind every great kid is
a great mom*

5. The Mommy nursing bag

Every mommy deserves a **Mommy bag from the brand Childhome**. Thanks to this diaper bag you show off your status as a mommy every minute of the day. The bag comes from a Belgian brand and has multifunctional purposes. The bag is spacious so it can be used for several things. Going to work out, or a day at the park. The fashionable bag is ideal for this. As Nathalie Jacquain, the designer of the Mommy bag herself says: "Fashion is a passion, also for babies".

6. Gift a breast milk jewel

For many breastfeeding mothers, this period was one of the most intense moments ever. When they stop breastfeeding, many mothers look back at it with homesickness. But did you know that this special and loving period can be captured by a **breast milk jewel**? The prices depend on what kind of jewel you buy and are quite pricey. But I can assure you that any mummy who gets this will be very surprised and happy.
